Please make AIM your number one choice for all of your imaging needs!

Allegheny Imaging Gives Back

In 2009, Allegheny Imaging of McCandless, LLC was a proud sponsor for several charities: A Glimmer of Hope, Urban Impact, Cystic Fibrosis Sports Auction, Pink Ribbon Round Up, Race for Autism, Crisis Center North, to name a few. Whether the sponsorship was a gift basket or a monetary donation, Allegheny Imaging was constantly looking for ways to help others.

The staff at AIM continues to help local charities on their own time by volunteering to help set up events, participate on committees and even host their own fundraisers. There isn't any doubt that in 2010, Allegheny Imaging will continue to be a strong presence in the charitable community.

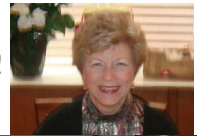

The first charity event that AIM is supporting is the "Recipe for Hope" at Blueberry Park in February hosted by Bonny Diver Hall and Hair Peace Charities. The proceeds will help people that are newly diagnosed with Breast Cancer. To find out more information about the event and the organization please visit www.HairPeace.org.

3 Ways to Stay Committed to your New Year's Resolution

1. **Write** your resolution (goals) down on a piece of paper.
2. **Keep** the piece of paper in a special place where you can see the piece of paper every day.
3. **Look** at that piece of paper with your resolution (goals) on it every morning before you start your day. This will be a good daily reminder of what you want to achieve in 2010.

Good Luck!

Make a conscience effort in 2010 to start the year off as good as you ended it in 2009! Keep the spirit of Christmas and the Holidays with you throughout the entire year. Remember smiles are contagious and laughter is the remedy to any sad day! Enjoy some of our photos from 2009's Holiday Luncheon.

Allegheny General Hospital Stroke Program Receives Get With The Guidelines Gold Plus Performance Achievement Award

Award demonstrates AGH's commitment to quality care for stroke patients
December 16, 2009

Allegheny General Hospital (AGH) has received the 2009 American Heart Association/American Stroke Association's Get With The Guidelines® Stroke Gold Plus Performance Achievement Award. The award recognizes Allegheny General's commitment and success in implementing excellent care for stroke patients, according to evidence-based guidelines.

This is Allegheny's third consecutive Stroke Gold honor from the American Heart Association/American Stroke Association, and the first time AGH received the Stroke Gold Plus Performance Achievement Award. To receive the Gold Plus award, AGH achieved 85 percent or higher adherence to all Get With The Guidelines-Stroke Performance Achievement indicators for 24 months and achieved 75 percent or higher compliance with six of 10 Get With The Guidelines-Stroke Quality Measures, which are reporting initiatives to measure quality of care. These measures include aggressive use of medications, such as tPA, anti-thrombotics, anticoagulation therapy, DVT prophylaxis, cholesterol reducing drugs and smoking cessation, all aimed at reducing death and disability and improving the lives of stroke patients.
